Neighborhood Mixed Use Hearing Slated September 7, 2005 City Council Meeting 7 pm at City Hall

The City Council will hold a public hearing to consider comments on the final draft of the NMU zone text and related matters at their Sept 7 meeting.

A copy of the "draft" text is available at City Hall or may be accessed on the City's webpage www.farmingtonut.com. At issue is the proposed NMU Zone text language that would be appropriate for mixed use development north of the Foxglove Shopping center between US 89 and Main Street.

This meeting is intended to be a follow-up of the meeting held on July 20 when over 200 citizens attended the previous hearing. It is important that those interested in this issue access information the City has available prior to the meeting, study the information, and then prepare to give comments at the meeting.

Farmington's Newest Jewel & Trail

An exciting new addition to Farmington is appearing on our west side. Buffalo Ranch is coming into being! Over 300 acres of green pasture lands are dotted with championship horses.

David Plummer is the visionary for this beautiful operation that is dedicated to the breeding of some of the finest horses in the world. Although new to Farmington, Mr. Plummer has had a horse ranch in Kaysville for many years. He is already a good neighbor and has allowed a way for the public to enjoy what he is creating. The ranch itself is by invitation-only for the public but a wonderful three-mile trail that circles the ranch is being constructed for public enjoyment. The wide path is already two-thirds complete.

Lynn Summerhayes and Dick Moffat of the Boyer Company, the previous land owners, gave a generous donation that has helped make the trail possible. This, combined with the funding shrewdness of City Manager Max Forbush, is making it happen. The trail work itself is being done by our Public Works Department under the expert leadership of Walt Hokinson. The Mayor, the City Council, the Planning Commission, and our dedicated City Planner, David Petersen, are making the goal of an interconnecting trail system to unify and benefit the City a reality.

This non-motorized trail is a fabulous nature experience. Several ponds are teaming with aquatic life. Acres of wetland border the trail. Waterfowl of all kinds nest in the area. Fox, coyote, raccoon, and deer can be seen. The unobstructed views of our scenic mountains are breath-taking. Just head west on State Street/Clark Lane past the new Eagle Bay Elementary School and you will end up at the trail head. An exciting experience awaits you. Thanks to everyone who is making it possible.

Farmington Residents To Vote Electronically This Election

Farmington City will be holding a **Primary Election on October 4**. The polls will be opened from 7:00 a.m. to 8:00 p.m. Two candidates from the Mayor's race, and four from those running for City Council will go on to the General Election on November 8. (See list of candidates below and pictures on page 3.)

Farmington will have the unique opportunity of using the new electronic voting machines manufactured by Diebold Elections Systems for both our Primary and General Election. The machines are referred to as "Direct Record Elections" (DRE) and have a touch screen. They are almost identical to

using an ATM machine. Each voter will be given their voter card which will be inserted into the machine prior to voting. After voting, the card will be removed.

The system allows for a paper trail of votes cast and a recount can even be accomplished if necessary.

Election judges are needed. However, because of the new equipment, the duties of the election judges will be different.

A knowledge and familiarity with computers would be helpful. Judges will be required to help voters operate the machines.

Please contact **Margy Lomax at 451-2383** if interested in serving as an Election Judge.

Rules for Off-Highway Vehicle Use

The following information was supplied by
Chief of Police, Wayne Hansen:

Off-highway vehicle (OHV) use is only allowed on approved roadways (and portions of the fire-break road). Other use (on hiking trails and hill-sides) is illegal and can lead to citations and fines. OHVs must have a current registration and a properly displayed registration

sticker. Operators of OHVs between 8 and 16 years must have a Utah safety certificate or driver's license. OHV users under 18 years must wear an approved helmet. No one under 8 years old is allowed to operate an OHV on public land. The firebreak road is closed to any motorized vehicles near Hughes Estates from approximately 700 South to 900 South (this area is posted).
